What do I need to do?

For each of the repurposes described in this section, there are **three options** available to you as a Shareholder of a Repurposed Fund:

1. Do nothing - in which case your investment in the relevant Repurposed Fund will continue after the Effective Date; or

2. Switch your Shares to another Fund available to you within Fidelity Funds; or

3. Redeem your Shares.

Redeeming or Switching your Shares:

If you would like to switch or redeem your Shares in the relevant Repurposed Fund, you should contact your Financial Adviser or your usual contact at Fidelity.

You may switch or redeem your Shares free of redemption or switching fees on any Valuation Date from the date of this notice until your usual dealing cut-off time on the date referred to under the table above (see column entitled "**Final Date for Free Redemption / Switch Out**") for each Repurposed Fund. Redemption proceeds will normally be issued to you by electronic bank transfer.

Tax

Please note that the redemption or switching of your holding may be deemed as a disposal for tax purposes. If you have any concerns about your tax position, we recommend that you seek independent tax advice.

Rebalancing of each Repurposed Fund's portfolio

To ensure a smooth repurpose process, the Investment Manager may rebalance each Repurposed Fund's portfolio after the Effective Date with the aim of aligning the Repurposed Fund's investments with its revised investment objective during a rebalancing period (the "**Rebalancing Period**"). For details on the Rebalancing Period for each fund, see the relevant Fund specific sections below.

Detailed Comparison between the Funds currently and the Repurposed Funds

The following pages show the main changes between the Funds as they are currently and the Repurposed Funds. For the full characteristics of the Repurposed Funds please consult the Prospectus.

1. Fidelity Funds — Future Connectivity Fund	
Effective Date: 2 September 2021	
From: **Fidelity Funds — Future Connectivity Fund**	**To:** **Fidelity Funds — Sustainable Future Connectivity Fund**

1.1 Investment Objective

The fund aims to provide investors with long-term capital growth, primarily through investment in the equity securities of companies throughout the world, including those in countries considered to be emerging markets. Investments will be linked to the theme of connectivity and will include, but are not limited to, companies that are involved in the roll out of cellular network technology, infrastructure projects related to internet connectivity (both wired and wireless), content production, streaming and consumption, mobile commerce, internet connectivity into physical devices and everyday objects and autonomous vehicles. The largest ten holdings/securities held in the fund's portfolio may account for 50% or more of the fund's Net Asset Value, resulting in a reasonably concentrated portfolio. The fund may invest its net assets directly in China A and B Shares. A minimum of 50% of the fund's net assets will be invested in securities deemed to maintain sustainable characteristics, as described in the section entitled "1.3.2(a) Fidelity Sustainable Investing Framework" above. The fund will consider a wide range of environmental and social characteristics on an ongoing basis. Environmental characteristics include but are not limited to climate change mitigation and adaptation, water and waste management, biodiversity, while social characteristics include but are not limited to product safety, supply chain, health and safety and human rights. Environmental and social characteristics are analysed by Fidelity's fundamental analysts and rated through Fidelity Sustainability Ratings. The fund is actively managed. The Investment Manager will, for the purposes of monitoring risk, reference MSCI ACWI Index (the "Index") as the Index constituents are representative of the type of companies the fund invests in. The fund's performance can be assessed against its Index. The Investment Manager has a wide range of discretion relative to the Index. While the fund will hold assets that are components of the Index, it may also invest in companies, countries or sectors that are not included in, and that have different weightings from, the Index in order to take advantage of investment opportunities. It is expected that over long time periods, the fund's performance will differ from the Index. However, over short time periods, the fund's performance may be close to the Index, depending on market conditions. Investments will include but will not be limited to companies that are involved in the roll out of cellular networks, wired networks, internet infrastructure, social media, online content production, streaming, e-commerce and the Internet of things. The fund is part of the Fidelity Sustainable Family of Funds and adopts a Sustainable Thematic strategy under which a minimum of 70% of the fund's net assets will be invested in securities deemed to maintain sustainable characteristics, as described in the section entitled "1.3.2 (b) Fidelity Sustainable Family of Funds". The fund will consider a wide range of environmental and social characteristics on an ongoing basis. Environmental characteristics include, but are not limited to, climate change mitigation and adaptation, water and waste management and biodiversity, while social characteristics include, but are not limited to, product safety, supply chain, health and safety and human rights. Controversies involving environmental and social characteristics are regularly monitored. 4 Fidelity Funds — Australia Fund	
Effective Date: 26 October 2021	
From: **Fidelity Funds — Australia Fund**	**To:** **Fidelity Funds — Australian Diversified Equity Fund**

4.1 Investment Objective

The fund invests principally in Australian equity securities. The fund is actively managed. The Investment Manager will, when selecting investments for the fund and for the purposes of monitoring risk, reference S&P ASX 200 Index (the "Index") as the Index constituents are representative of the type of companies the fund invests in. The fund's performance can be assessed against its Index. The Investment Manager has a wide range of discretion relative to the Index. While the fund will hold assets that are components of the Index, it may also invest in companies, countries or sectors that are not included in, and that have different weightings from, the Index in order to take advantage of investment opportunities. It is expected that over long time periods, the fund's performance will differ from the Index. However, over short time periods, the fund's performance may be close to the Index, depending on market conditions.	The fund aims to achieve income and long-term capital growth primarily through investments in Australian equity securities and related instruments. The fund will invest in a mixture of larger, medium and smaller sized companies. The fund may tactically also invest in Australian listed corporate hybrid and fixed income securities if the Investment Manager believes they offer better investment opportunities than the related equity. The largest ten holdings/securities held in the fund's portfolio may account for 50% or more of the fund's Net Asset Value, resulting in a reasonably concentrated portfolio. As well as investing directly in equity and fixed income securities, the fund will also achieve exposure indirectly through the use of derivatives. To enhance the income of the fund, derivatives (such as options) may be used to generate additional income. The types of financial derivative instrument that will be used include index, basket or single name futures, options and contracts for difference referencing equities or bonds. Options used will include put and call options including covered call options. The generation of additional income for example, through covered call options may impact the fund's potential for capital growth, particularly in periods of rapidly rising markets where capital gains may be lower when compared with an equivalent uncovered portfolio. The fund is actively managed. The Investment Manager will, when selecting investments for the fund and for the purposes of monitoring risk, reference S&P ASX 200 Index (the "Index") as the Index constituents are representative of the type of companies the fund invests in. The fund's performance can be assessed against its Index. The Investment Manager has a wide range of discretion relative to the Index. While the fund will hold assets that are components of the Index, it may also invest in companies, countries or sectors that are not included in, and that have different weightings from, the Index in order to take advantage of investment opportunities. It is expected that over long time periods, the fund's performance will differ from the Index. However, over short time periods, the fund's performance may be close to the Index, depending on market conditions.

4 Fidelity Funds — Australia Fund	
	Portfolio Information The fund may tactically invest up to 30% of its net assets in Australian listed corporate bonds including investment grade and high yield bonds. Investments in high yield bonds will not exceed 20% of the fund's total net assets. Investments in collateralised and/or securitised debt instruments are up to 20% of the fund's total net assets Less than 30% of the fund's total net assets will be invested in hybrids and CoCos, with less than 20% of the total net assets to be invested in CoCos.

5 Fidelity Funds — Euro Blue Chip Fund	
Effective Date: 28 October 2021	
From: **Fidelity Funds — Euro Blue Chip Fund**	**To:** **Fidelity Funds — Sustainable Europe Equity Fund**

5.1 Investment Objective

The fund invests principally in blue chip equities in those countries which are members of the Economic and Monetary Union (EMU) and primarily denominated in Euro. Currently, these are the nineteen member countries but if other countries join the EMU in the future then investment in these countries may also be considered for inclusion in the fund. The fund is actively managed and references the MSCI EMU Index (the 'Index') for performance comparison only.	The fund aims to achieve long-term growth, primarily through investments in European equity securities. The fund is part of the Fidelity Sustainable Family of Funds and adopts a Sustainable Focused strategy under which a minimum of 70% of the fund's net assets will be invested in securities deemed to maintain sustainable characteristics, as described in the section entitled "1.3.2 (b) Fidelity Sustainable Family of Funds". The fund will consider a wide range of environmental and social characteristics on an ongoing basis. Environmental characteristics include, but are not limited to, climate change mitigation and adaptation, water and waste management and biodiversity, while social characteristics include, but are not limited to, product safety, supply chain, health and safety and human rights. Controversies involving environmental and social characteristics are regularly monitored. Environmental and social characteristics are analysed by Fidelity's fundamental analysts and rated through Fidelity Sustainability Ratings. The fund seeks to promote these characteristics by adhering to the Fidelity Sustainable Family Framework. The fund is actively managed. The Investment Manager will, when selecting investments for the fund and for the purposes of monitoring risk, reference the MSCI Europe Index (the "Index") as the Index constituents are representative of the type of companies the fund invests in. The fund's performance can be assessed against its Index. The Investment Manager has a wide range of discretion relative to the Index. While the fund will hold assets that are components of the Index, it may also invest in companies, countries or sectors that are not included in, and that have different weightings from the Index in order to take advantage of investment opportunities. It is expected that over long time periods, the fund's performance will differ from the Index. However, over short time periods, the fund's performance may be close to the Index, depending on market conditions. Shareholders' attention is drawn to the fact that the Index is not an index which integrates environmental and social considerations. Instead, the fund promotes environmental and social characteristics by adhering to the Fidelity Sustainable Family Framework, as described above.

6 Fidelity Funds — Multi Asset Income Fund	
Effective Date: 28 October 2021	
From: **Fidelity Funds — Multi Asset Income Fund**	**To:** **Fidelity Funds — Sustainable Multi Asset Income Fund**

6.1 Investment Objective

This fund will be managed with a more conservative approach towards seeking high current income and capital growth primarily through investment in a combination of equities and bonds, issued in the developed and emerging markets. This fund will appeal to investors seeking regular income and moderate capital growth but who prefer a lower level of risk than that normally associated with equity investment only. The fund is actively managed without reference to an index. **Portfolio Information:** Within the main asset classes described above the fund may, under normal market conditions, invest less than 30% of its net assets in global sub investment grade and/or high yield bonds. The fund may invest in hybrids and CoCos, as well as in other subordinated financial debt and preference shares.[1]	The fund aims to provide income and moderate capital growth over the medium to longer term by actively allocating to, and within, different asset classes including equity, fixed income, commodity, infrastructure, real estate and cash. As this fund may invest globally, it may be exposed to countries considered to be emerging markets, including Russia and China. For China, the fund may invest its net assets directly in China A and B Shares and/or onshore China fixed income securities listed or traded on any Eligible Market in China. The fund is part of the Fidelity Sustainable Family of Funds and adopts a Sustainable Focused strategy under which a minimum of 70% of the fund's net assets will be invested in securities deemed to maintain sustainable characteristics, as described in the section entitled "1.3.2 (b) Fidelity Sustainable Family of Funds". The fund will consider a wide range of environmental and social characteristics on an ongoing basis. 	10% in Russian bonds), up to 50% in equities (including up to 50% in emerging market equities and up to 10% in Russian equities), up to 30% in eligible closed-ended real estate investment trusts, up to 30% in infrastructure securities (excluding REITs) and up to 5% in commodities. The aggregate limit of investment in emerging market equities and bonds is up to 50% of the fund's net assets. The aggregate limit of investment in Russian equities and bonds is up to 10% of the fund's net assets. In adverse market conditions the fund may hold up to 25% of its net assets in cash or money market instruments (cash and short-term deposits, certificates of deposit and bills, and Money Market Funds). Onshore China fixed income securities are listed or traded on any Eligible Market in China, and are issued by a variety of issuers such as government, quasi-government, banks, financial institutions or other corporate entities established or incorporated in China or corporate entities with commercial activities in China. Although the fund will not actively invest in distressed securities, it may retain positions related to such types of assets. Under normal market circumstances, distressed securities will not exceed 10% of the fund's net assets. The fund may invest up to 10% of its net assets in aggregate in equity linked notes and credit linked notes. The fund may invest in hybrids and CoCos, as well as in other subordinated financial debt and preference shares.

6.2 **Investment Objective (notes)**

Reference Ccy: USD As the fund may invest globally, it may invest across different countries and regions. It is unconstrained in the amount it may invest in any single country or region. The fund's source of income will mainly be generated from dividend payments from equity securities and coupon payments from bond holdings. Less than 30% of the fund's total net assets will be invested in hybrids and CoCos, with less than 20% of the total net assets to be invested in CoCos.	**Reference Ccy: USD** As the fund may invest globally, it may invest across different countries and regions. It is unconstrained in the amount it may invest in any single country or region. Any commodity exposure for this fund will be obtained through eligible instruments and derivatives such as (but not limited to) units/shares of UCITS or other UCIs, Exchange Traded Funds and commodity index swap transactions. The fund's source of income will mainly be generated from dividend payments (from equity securities) and coupon payments (from bond holdings) based on their potential to generate income and capital growth. The dividend or payout policy of the underlying closed-ended REITs is not representative of the dividend or payout policy of this fund. To achieve its objective the fund adopts a tactical asset allocation strategy where the fund's investments may be actively balanced and adjusted. This may result in the

7 Other Fund Amendments Subject to a Notice Period

Details of proposed changes to certain Funds, including the dates on when these changes will be effective, your options and associated dealing timelines, are set out below.

What do I need to do?

For each of the repurposes described in this section, there are **three options** available to you as a Shareholder of the relevant Fund:

1. Do nothing - in which case your investment in the relevant Amended Fund will continue after the Effective Date; or

2. Switch your Shares to another Fund available to you within Fidelity Funds; or

3. Redeem your Shares.

Redeeming or Switching your Shares:

If you would like to switch or redeem your Shares in the relevant Fund, you should contact your Financial Adviser or your usual contact at Fidelity.

You may switch or redeem your Shares free of redemption or switching fees on any Valuation Date from the date of this notice until your usual dealing cut-off time on the date referred to under section 7.1.b. below. Redemption proceeds will normally be issued to you by electronic bank transfer.

Tax

Please note that the redemption or switching of your holding may be deemed as a disposal for tax purposes. If you have any concerns about your tax position, we recommend that you seek independent tax advice.

7.1 Amendments to the Investment Objectives regarding holdings in cash or money market instruments in adverse market conditions for certain Funds

a. Details of the Amendments

The investment objective of each of the following Funds will be updated to insert percentage entitlement of the Fund to hold cash or money market instruments in adverse market conditions.

Fund name	Holding limit
Fidelity Funds — Global Multi Asset Income Fund	25% of the Fund's NAV
Fidelity Funds — Global Multi Asset Growth & Income Fund	30% of the Fund's NAV

Please note that the overall risk profile of the relevant Funds will not change as a result of the change in the investment objective described above.

b. Effective Date & Dealing Deadlines

The changes described above will be effective on 1 September 2021.

You may switch or redeem your Shares on any Valuation Date until your usual dealing cut-off time on 31 August 2021 and the next calculated Net Asset Value per Share will apply.
