Amendment to the investment policy of one sub-fund of Franklin Templeton Investment Funds

Dear Shareholder,

We would like to inform you that the board of directors of Franklin Templeton Investment Funds (the “**Company**”) has decided to amend the investment policy of the Franklin India Fund (the “**Fund**”) to enable the investment manager to invest in securities issued by private companies.

Therefore, with effect from March 10, 2023, the following wording is added after the first paragraph of the Fund’s investment policy:

“The Fund may also, in accordance with the investment restrictions, invest up to 5% of its net assets in securities issued by private companies provided that the contemplated investments qualify as transferable securities under paragraphs (1) or (2) a) of Article 41 of the Law of 17 December 2010.”

As a consequence of the above, please note that the “Private Companies risk” will be added to the risk considerations of the Fund.

There will be no material impact on the way the Fund is managed, its risk profile or SRRI nor on the fees charged. The new investment policy will be reflected in an updated version of the prospectus of the Company, a copy of which will be available online or at the registered office of the Company, upon request. All other features of the Fund remain the same.

What you need to do

You do not need to do anything if you are satisfied with the change. You also have the option to switch your shares into other funds of the Company provided that such funds are available for distribution in your country. You may also request a redemption of your investment. Should you wish to proceed with either option, please refer to the latest prospectus terms. Such requests of switch or redemption will be executed free of charge, provided that they are received at the latest by March 10, 2023.

Need more information?
