2) Issue of shares and subscription and payment procedures

The Board of Directors wishes to inform shareholders of the following:

Equal treatment of investors

CANDRIAM MONEY MARKET

Société d'investissement à capital variable governed by Luxembourg laws
(the "SICAV")

5, Allée Scheffer

L – 2520 Luxembourg

Registered with the Luxembourg Trade & Companies' Registry under number B-26803

Investors participate in the sub-funds by subscribing to and holding shares in one of the share classes. In order to guarantee equal treatment of all investors within the same share class of a sub-fund, the individual shares in the share class have the same rights and obligations.

The management company may, while remaining within the framework of the parameters which characterise the various share classes of a sub-fund, conclude agreements with individual investors or a group of investors granting special rights to these investors.

Such entitlements shall be understood as being rebates on fees charged to the Share Class, or specific disclosures, and will be granted solely based on objective criteria determined by the Management Company and out of its own resources.

Objective criteria include, but are not limited to (alternatively, or cumulatively):

- the expected holding period for an investment in the Sub-Fund;
- the investor's willingness to invest during the launch phase of the Sub-Fund;
- the current or anticipated amount subscribed or to be subscribed by an investor;
- the total Asset under Management (AuM) held by an investor in the Sub-Fund or in any other product of the Management Company;
- the type of the investor (e.g. repackager, wholesaler, fund management company, asset manager, other institutional investor, or private individual);
- the fee or revenues generated by the investor with a group of, or all affiliates of the group to which the Management Company belongs.

Any investor or prospective investor within a Share Class of a given Sub-Fund which is, in the reasonable opinion of the Management Company, objectively in the same situation than another investor in the same Share Class who entered into arrangements with the Management Company is entitled to the same arrangements. In order to obtain the same treatment, any investor or prospective investor may liaise with the Management Company by addressing a request to the Management Company. The Management Company will share the relevant information on the existence and nature of such specific arrangements with the relevant investor or prospective investor, verify the information received from the latter and determine on the basis of the information made available to it (including by such investor or prospective investor) whether the latter is entitled to the same treatment or not.

3) Operational and administrative charges

The costs associated with order routing platforms are now considered to be included in the operational and administrative charges, in addition to listing and maintenance fees for the stock exchange or specific platforms, as defined in the section on operational and administrative charges in the prospectus. This change has no financial impact on the shareholders.

4) Candriam Money Market Euro

On the management company's recommendation, the Board of Directors has decided to remove the following indicator for this sub-fund: the ESG score of the sub-fund.

These changes will take effect on **18 August 2023**.
