Dear Investor,

Proposed merger of the abrdn UK Income Unconstrained Equity Fund, a sub-fund of abrdn OEIC V (the “Merging Fund”) into the abrdn UK Income Equity Fund, a sub-fund of abrdn OEIC I (the “Continuing Fund”)

You are invested in the Merging Fund, so please read this letter carefully as it contains important information regarding a proposed merger in respect of the Merging Fund. Having read the letter, you may wish to consult with your financial adviser before taking any action. In this letter, unless the context requires otherwise, the terms shall have the meaning set out in the Glossary of the Circular (as defined below).

We, abrdn Fund Managers Limited (“abrdn”), are writing to give you details of our proposal to merge the Merging Fund into the Continuing Fund. We refer to our proposal as the “Merger Proposal”.

As a Shareholder in the Merging Fund we are seeking your approval of the Merger Proposal which is outlined below. The enclosed ‘Information and Notice of Meeting to Shareholders’ contains a Scheme of Arrangement which sets out the terms and conditions of the merger and provides further detailed information about the Merger Proposal, and how you can vote on the Merger Proposal (the “Circular”).

Background to the Merger Proposal

We have undertaken a comprehensive review of our UK authorised fund range with the intention of offering better outcomes to investors. Funds were reviewed to identify those having similar investment objectives, investment policies and risk profiles. During the course of the review, at all junctures abrdn has considered investor impact and outcomes. The primary purpose of the review is to lead to a smaller, simplified UK authorised fund range, with the aim of having a clearer offering to investors, concentrating on our core investment management capabilities and allowing a greater focus on the funds which remain to ensure that we can offer the best outcome to investors.

The review identified the Merging Fund and the Continuing Fund as similar funds given both share the same investment universe and use the same index as a reference point for portfolio construction, although the Continuing Fund does have greater flexibility in its investment universe with the ability to invest in high yield bonds. The Continuing Fund also aims to deliver a similar outcome for investors compared to the Merging Fund and therefore it is proposed to merge the two Funds.

Comparison of the Merging Fund and the Continuing Fund

Investment Objectives	Both the Merging Fund and Continuing Fund aim to generate income and some growth/capital over the long term (5 years or more) by investing in UK equities (company shares).
Investment Policies and Asset Similarity	<p>Both Funds will invest at least 70% in equities and equity related securities of companies incorporated or domiciled in the UK or having significant operations and/or exposure to the UK.</p> <p>The Continuing Fund has an explicit allowance to invest up to 20% in non-UK listed Companies, which provides greater transparency and flexibility to help enable the Continuing Fund to generate income and some capital.</p> <p>Whilst both Funds have similar investment policies regarding permitted securities, the approach to selecting companies for investment is different. The Merging Fund has a focus on investing in companies where the management team have a different view of a company's prospects to the view of the market and which align with the management team's views regarding future economic and business conditions while the Continuing Fund has a focus on investing in companies considered to have quality characteristics through the research and assessment of areas such as a company's financial strength, business model and management team.</p> <p>Due to these reasons, a proportion of the fund's holdings are different. Although the permitted use of derivatives for both Funds is the same, the Continuing Fund has historically utilised them to enhance income generation to a limited extent.</p>
Performance Target, Performance Comparator and Portfolio Constraining Benchmark.	The Performance Target, Benchmark and Performance Comparator are the same for both Funds.
Risk Profile and Synthetic Risk and Reward Indicator as set out in the Key Investor Information Document	These are the same for both Funds.
Performance History	The Continuing Fund has performed better over long term and short term periods.
Ongoing Costs	Costs in the Continuing Fund are the same or lower in the Merging Fund.

Due to these similarities, we believe that the Merger Proposal will generate efficiencies in the management of the Continuing Fund and so deliver benefits to investors over time. We believe that in due course there will be an overall net benefit to shareholders due to the Continuing Fund's historically better long-term performance, combined with the increased focus of the management teams resources on the Continuing Fund, which is expected to more effectively deliver the objective for all investors.

A comparison of the principal features of the Merging Fund and the Continuing Fund including a comparison of the investment objectives and policies is set out in Appendix 3 of the Circular. The Shares in the Continuing Fund may be subject to higher investment minimum levels than the Shares in the Merging Fund. Where this is the case, these higher investment minimum levels will be waived for shareholders moving from the Merging Fund to the Continuing Fund, such that shareholders will continue to be subject to the investment minimum levels of the Merging Fund. A comparison of the investment minimum levels of both Funds is set out in Appendix 3 of the Circular. Details of the past performance of the Merging Fund and the Continuing Fund is set out in Appendix 4 of the Circular.

Any direct costs relating to the merger will be paid for by abrdn, as set out in paragraph 12.4 of Appendix 1 of the Circular. However, in advance of the merger, the holdings in the Merging Fund will be bought and sold so the portfolio aligns to the strategy of the Continuing Fund, and the cost of this rebalancing exercise will be borne by shareholders in the Merging Fund that haven't chosen to redeem or switch their investments by 12 September 2024. We estimate this cost to be 0.16% of the value of the Merging Fund (i.e. a cost of £16 for every £10,000 held). In practice, these costs will be dependent on market conditions and the respective portfolios at the point of rebalancing and may be higher or lower. Please refer to paragraph 12.3 of Appendix 1 of the Circular for further details on the treatment of costs post-merger.

Proposed Changes

If Shareholders approve the Merger Proposal, the Merging Fund will be merged with the Continuing Fund, and this is currently planned for 27 September 2024.

The Merger Proposal involves the exchange of assets in the Merging Fund for Shares in the Continuing Fund so investors of the Merging Fund will become shareholders in the Continuing Fund. The Shares you hold in the Merging Fund will therefore be exchanged for equivalent Shares in the Continuing Fund. We have set out in Appendix 1 of the Circular the mapping of the Share Classes in the Merging Fund and the Share Class in which you will receive New Shares in the Continuing Fund.

We do not anticipate that there will be any tax implications as a result of the Merger Proposal for UK shareholders. For non-UK shareholders please refer to the Circular for further information.
