Notable Changes to Certain Sub-Fund Supplements

Fund	Change	Rationale
FTGF Brandywine Global Fixed Income Absolute Return Fund	<p>It is proposed to reduce the performance target within the Benchmark section of the sub-fund's supplement from:</p> <p><i>"FTSE 3-month US Treasury Bill Index +3%"</i></p> <p>To:</p> <p><i>"FTSE 3-month US Treasury Bill Index +2%"</i></p>	<p>The proposed target has been revised in response to the departure from zero interest rate policies and expectations of a return to a more normalised interest rate regime. Therefore, the target of 3% would require additional portfolio risk above what the strategy is looking to take.</p>
FTGF Brandywine Global Income Optimiser Fund FTGF Brandywine Global Multi-Sector Impact Fund	<p>It is proposed to change the sub-funds' performance Benchmark from:</p> <p><i>"FTSE 3-month US Treasury Bill Index"</i></p> <p>To:</p> <p><i>"Bloomberg Multiverse Index (USD Hedged)"</i></p>	<p>The proposed change is being made as the broad scope of the Bloomberg Multiverse Index more accurately reflects the sub-funds' flexibility in their allocations to fixed income security types, credit, duration, geography and currency.</p>
FTGF Brandywine Global Credit Opportunities Fund	<p>It is proposed to change the sub-funds performance Benchmark from:</p> <p><i>"FTSE 3-month US Treasury Bill Index"</i></p> <p>To:</p> <p><i>"Bloomberg Global High Yield Index"</i></p>	<p>The benchmark will be replaced and the performance target will be removed due to the proposed benchmark being a better proxy for the level of risk the fund takes and therefore being more aligned with the performance of the sub-fund.</p>

	As a result of the proposed change, the performance target of FTSE 3-month US Treasury Bill Index +6% will be removed.	
FTGF ClearBridge Global Infrastructure Income Fund FTGF ClearBridge Infrastructure Value Fund	It is proposed to add an additional performance comparator benchmark – namely, the “ <i>FTSE Global Core Infrastructure 50/50 Index</i> ”. The OECD G7 Inflation Index +5.5% will remain as a target.	The additional comparator benchmark has been selected to provide shareholders with a performance comparator that is more closely aligned with the sub-funds’ investment universe.
FTGF Western Asset Global Multi Strategy Fund	It is proposed to change the sub-fund’s performance benchmark from: <i>“ICE BofA US Dollar 3-Month Deposit Offered Rate Constant Maturity Index (USD)”</i> To: <i>“50% Bloomberg Global Aggregate Index USD; 25% JP Morgan EMBI Global Diversified Index; and 25% Bloomberg US Corporate High Yield Index”</i>	The composite of relevant market indices has been selected to provide shareholders with a performance comparator that is more closely aligned with the sub-fund’s investment universe and is therefore a better representation of performance.
FTGF ClearBridge US Aggressive Growth Fund	It is proposed to change the sub-fund’s primary performance benchmark from: <i>“Russell 3000 Growth Index”</i> To: <i>“Russell Midcap Growth Index”</i>	The Russell 3000 Growth Index is no longer the best representation of the sub-fund’s investment universe as a result of increasing mega-cap dominance. The primary benchmark has been updated to provide shareholders with a performance comparator that is more

		closely aligned with the sub-fund's investment universe.
FTGF Clearbridge Global Growth Fund	<p>It is proposed to update the name of sub-fund to "FTGF Clearbridge Global Growth Leaders Fund".</p> <p>In addition, it is also proposed to make a number of other environmental, social and governance ("ESG") enhancements, such as a proposal to update the sub-fund's sustainable investment ("SI") levels as follows:</p> <ul style="list-style-type: none"> - Minimum commitment to SI: From 5% to 50%; - Minimum commitment of SI with an environmental objective: From 1% to 10%; and - Minimum commitment to socially sustainable investments: From 1% to 10% 	<p>Including a reference to the "Leaders" in the sub-fund name makes it more reflective of the enhanced sustainability criteria and "Leaders" strategy. This update will tie in with the ESG enhancements also proposed to be made at this juncture. Full details of the proposed ESG updates are set out at the following link: https://franklintempletonprod.widen.net/s/qjtrzpwwv8/ftgf-clearbridge-global-growth-fund</p>
FTGF Franklin Responsible Income 2029 Fund	<p>It is proposed to add a 'post-investment period' of one month whereby the sub-fund will hold money market instruments, cash or other cash equivalents until the fund is closed.</p>	<p>The proposed update is being made to provide clients with sufficient time to switch to another Franklin Templeton fund, rather than realising their investment and triggering a tax event, should they wish to do so. Investors will still be able to redeem at any point.</p>
