

10 January 2025

Dear Sir/Madam,

Schroder QEP Global Core Fund (the "Fund"): Investment Policy change

We are writing to inform you of a clarificatory change to the Fund, in which you are invested.

Proposed changes and rationale

With effect from 19 February 2025 (the "Effective Date"), we will include additional wording within the Fund's investment policy to more clearly define how the Fund invests in the China market.

The Fund's investment policy will be updated to clarify that the Fund may invest directly in China H-Shares and may invest up to 10% of its assets directly or indirectly in China A-Shares and China B-Shares through Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect and shares listed on the STAR Board and the ChiNext. The Fund is already permitted to invest in these types of shares, but we are making this change to the investment policy so that investors can better understand the level of exposure that the Fund may have to the assets.

There will be no change to the way that the Fund is managed or its risk profile as a result of these changes.

Please see the Appendix to this letter for a table comparing the Fund's current investment policy to the Fund's investment policy from the Effective Date.

The unit classes affected are also shown in the Appendix.

This change does not require unitholder approval and you do not need to take any action.
