3. Information about the achieved quality of the execution

The Broker proceeds when choosing the execution venue of execution for each class of financial instruments in accordance with the valid and effective Strategy. Based on the pre-selected criteria, the Broker performs monitoring and evaluation of the quality and prices of the approved services by the Broker on a regular annual basis, while particularly the quality of execution and settlement of executed transactions approved by the Broker are regularly monitored and evaluated. If necessary, the Broker shall update the Strategy based on this monitoring and evaluation accordingly. The currently valid and effective Strategy came into force and effect on January 3, 2018, and after re-examination of the Strategy, the Broker came to the conclusion that as of today no amendment of the Strategy is needed.

A change of the order of the best execution venues of execution compared to the previous period shall be performed by comparing the Information on top five execution venues of execution for the period from January

1, 2017 to December 31, 2017 with this document. The Broker does not have a conflict of interest with any of the execution venues of execution used by the Broker to execute instructions.
